# TRADE REPORT J. 13. 16 th Sixth To Park Godding, Assured to plaintiff Frank Godding, \$1.5.55.

# **Business Conditions for** Fortnight.

The Hawalian Mercantile Agency

#### Commercial.

We are glad to report a much brighter outlook in every respect in local affairs. Business is cheering in dry goods and sewing machines. A sewing machine representative stated that fifty of one kind could be placed immediately if in stock. Prices are steadily advancing on the Coast in every department, and demands are greater than for years before. General trade preserves more than an even balance; some distinctly new features must arise to affect any basic change. Lo-cally the shoe trade is booming, and grocery supplies and butchers' stock are pressed to fill orders. Rice is advancing in price; sugar is firm at 4 7-16. The iron and steel markets in the States show unusual activities, and orders are far in advance of capacity to fill them by manufactories. Very large orders for locomotives for foreign countries are being rushed. Cereals are duli in all directions. With the plague apparently "pau," we may hope for unusually favorable reactions.

#### Produce Quotations TRADE PRICES.

THE KAIMILOA ON THE MARINE RAILWAY.

After about nine years of disuse the Kaimiloa, at one time the flagship of the Hawaiian Navy, was placed

upon the ways to be cleaned and have her copper bottom repaired. The above is a picture of the vessel taken just after she was removed from the wat er. It shows the immense amount of marine growth accumulated during the time she lay moored. Large oysters, coral, sponges and other forms of marine life were found clinging to

regarding the progress being made at the new plantation and made the following statement;

far expended \$25,900 has been for land bought, about \$9,600 for buildings, \$3,600 for mules and about \$2,000 for laying water pipe through the camp. The main ditch line has been surveyed and staked off for over five miles. Over to plant for us under a ten-year con-tract on the sliding scale scheme, which has been successfully worked on Ha-wail and the other islands.

"At present we hold in fee simple 671 acres; under lease 66 acres. The planters have agreed to plant 800 acres and we have options to purchase 951 acres and lease 168 acres. This, with about 1000 acres which arrangements

the ditching is now being attended to. About one hundred additional laborers are needed and will be sent to the plan-tation in a short time. With regard to the mill, which will be needed pretty soon, we are going to walt and see how the price of iron and steel is. By waiting we may be able to save much morey, as at the present time things in the machinery line are extremely

### Passengers Refused.

John Kidwell, Lord Henry Thyme Thos. Reeves and Miss Effle Thompson, after undergoing all the discom-fort of the health regulations for in-tending passengers, were refused pas-sage on the Miowera, for the Colonies, yesterday by the captain of the steamer. The agents were willing to have them go aboard, but Captain Hemming was obdurate, and was not moved by entreaties, tears or expostulations.

sixty acres of seed cane have been planted and cared for and about 300 acres cleared and ready for plowing. We have had to build roads and tences and all this has been done on the plan-tation's own property. Not counting planter's agreements, Manager Hock-ing expects to plant about 700 acres for the plantation. The present arrangements with planters will give an additional 200 acres of cane. Arrangements have been made with the homesteaders

# 1900 Ramblers Are Hree!

Out of sight, too; regular beauties. We received but twenty by this 'Australia"-all the San Francisco house could spare on account of the great demand there. Call and see what a 1900 RAMBLER looks like, and you will want one, but come soon, as several are sold to arrive, and we had no stock when these got here. Twenty will not last long.

# Repair Work.

This is our strong point, as we have the best repair man in the Islands, and are thus able to guarantee our work. We undertake any kind of bike repairs, no matter how badly a wheel is smashed up we can make it as good as new. We know we are not located well at present and our customers and selves are put to a good deal of inconvenience, but a good start has been made on our new quarters, and after a few months we will show you bleycle and sporting goods quarters that will be a credit to any city in the United States. In the meanwhile we will have to hoomanawanui.

If the next Australia brings us what we have ordered in the wheel line we will have something interesting to tell you when she comes. When you want to rent a wheel come to us.
